SPRING IS HERE.

The warm weather of the past few days has reminded people that it is time to doff their fur coats and ulsters and see that they have a nice looking suit underneath. If you have not, we are ready to supply the deficiency. We have suits for the miner, the mechanic, the merchant or the banker, in all cuts, designs and patterns and at prices that make our competitors change their marks and our customers wonder how goods can be made up to be sold so cheap. And we do not stop at the suits but can supply any man from head to foot with everything he desires to wear, shirts, underwear, shoes, socks, hats, gloves, ties, collars and cuffs and then if he is going away we can throw him in a valise to carry them all. Our Spring stock is all in and they are beautiful; bought by a man who understands his business and is acquainted with the wants of the Montana public. Our stock is not bought by the "manager of a department" but by a man who is personally interested in the success of this business.

BOYS CLOTHING.

Now is the time to rig out your boys, and nobody should fail to look over our line before they purchase. They comprise all the novelties of the season. The proper thing for the small boys to wear is either a light weight Jersey or an imitation vest suit. In Jerseys we have them in blue, black, bottle green and slate, plain and with trimmings and sailor suits. In imitation vests we have a full line in light color chevrons and cassimeres. For a larger boy, from 9 to 13 the proper caper is a three piece suit, coat, vest and with short pants. These goods we have in all grades ranging from \$4 up as high as \$12. From 14 to 18 years we have almost as large an assortment as possible in sack and frock; single and double-breasted.

GENTS Furnishings

Silk and silk stripe flanne shirts are this year as great a craze as ever, they being worn in all styles and patterns. Light colors and black are the proper caper, no dark colors except black being worn to any extent. There is, however, a new article something of a Madras with a starched collar that certainly is very nobby. In underwear everything is plain colors but we have obtained a few lines in fancy at a very low price and we have marked them \$2 a suit. They are certainly worth \$4. Socks, handkerchiefs and neckwear are nearly the same as last year, the only difference being the styles running more into black. Do not forget, however, whenever you want the latest in everything be sure to

OPINIONS OF THE PRESS

Comments of Leading Newspapers on the Grand Jury's Report.

ALL SORTS OF NOTIONS

The General Tone of the Eastern Press is One of Disappointment, Dissatisfaction and Disgust.

CHICAGO, May 6.—The following are some of the editorial comments on the New Orleans grand jury report:

New York Evening Post: "It is a confession by the competent authority that the machinery of criminal justice has completely broken down in the state of Louisiana and that crimes of any magnitude have to be punished by a revolutionary tribunal. It throws some light on the working of the jury system which the people of other cities, particularly New York, will do well to digest."

New York Herald: "It is no time to sermonize about mob violence. An uprising of the people is not an outbreak of the mob. The disease called for the cure and justifies the means."

Minneapolis Tribune: "The grand jury has published the declaration that New Orleans is ruled by a detective agency on one side, and a mob on the other; that the very forms of law are disregarded by the mob; that the grand jury itself is to uphold its majesty—the grand jurors themselves—and that anarchy reigns in New Orleans."

Minneapolis Journal: "Public opinion will hardly endorse the commission of the grand jury to formally indict the leaders of the lynching party or as many of the party as were known. It would have been much more to the credit of the community had this been done."

Cincinnati Times-Star: "We believe it will be common opinion that so far from showing any grave weakness or defect in our social or political system, the episode and the outcome demonstrate the strength and efficacy of popular government in America."

New Orleans States: "The people did it, and no grand jury could devise a way to indict 'the people.'"

New Orleans Times-Democrat: "The grand jury's return will meet the approval of the entire country. The case was tried before the bar of public opinion and the finding of 'well done' was long since returned as to the men whose act suppressed the Mafia and gave warning to the criminals of Europe that they would find no welcome in this country."

Washington Post: "The picture which the report presents of jury methods at New Orleans indicates that, while it may be necessary to strike terror to the dangerous class of community, there are still other and equally dangerous elements that would seem to require heroic treatment."

Philadelphia Telegraph: "The people of this country, thanks to the insolent course of the Italian government, will not seriously concern themselves with the question whether the respectable mob of 'best citizens' are 'brought to punishment' but they are mightily interested in the question whether the greatest city in the South is to be a place where no human life is safe, where the government may be looked to in vain for the exercise of legitimate and useful authority."

St. Paul Dispatch: "No more shocking illustration has ever been given of the evils of unrestricted immigration. It renders it imperative on the part of the next congress, first of all, to remedy whatever defects or omissions are visible."

St. Paul Pioneer Press: "The people of New Orleans deal unhappily with the matter when they account for the exercise of the right of self preservation by asserting that they have fallen so low as to be unable to do justice through the forms of law."

New York Tribune: "They have examined the facts, not with the view of finding how they might do their duty, but how they might avoid it."

Chicago Inter-Ocean: "Why did not the jury call upon Parkerson, who claimed that the meeting was called by himself and a committee of one hundred for the purpose of taking the law into their own hands. In Illinois Parkerson would be held responsible for the work of the mob, because he incited it to violent lawlessness."

Chicago Staats Zeitung: "It is by no means to the glory of the United States government that there is no legal way to punish the crimes of this character. Congress ought to enact a statute allowing the federal authorities in the future to take measures to prevent mob violence by which our relations with foreign powers are altered and treaties annulled."

English Opinion of It.

LONDON, May 6.—The St. James Gazette, commenting on the finding of the New Orleans grand jury in the lynching case, says: "The jury has done just what might have been expected and its findings possess polemical interest which it may be feared the Marquis Di Rudini will not fully appreciate. If Secretary Blaine sticks to his guns and insists that a constitutional authority has pronounced on the issue, and that the constitution provides no machinery for the government's going behind the decision of the New Orleans jury, his position will be still more unsatisfactory in Italy than it was in the beginning."

THE ITALIAN COUNSEL SWEARS.

He Says That the Jurymen Didn't Do What He Told Them To.

NEW ORLEANS, May 6.—Pasquale Corte, the Italian consul in this city, in an interview today, was not satisfied at all with the conclusions arrived at by the grand jury and became much excited in discussing it. "I had taken pains to bring before those gentlemen," said Mr. Corte, "all the documents and information in my possession. I now find that the grand jury has not used my information as I had given it to them, and much that I did say was only partly made use of. I will send a copy of the report and account of the jury's actions to the government of Italy soon."

THE ETATA SEIZURE.

Strict Neutrality Must be Maintained, Says Harrison.

SAN DIEGO, Cal., May 6.—Last evening United States Marshal Gard seized the Chilean steamer Etata which has been receiving supplies here and placed Captain Mauzun under arrest. The schooner Robert and Minnie and the war ship which has been hovering around the entrance to the harbor to receive the supplies taken on board the Etata, will also be seized, orders having been received from Secretary Blaine to seize both vessels if found within the 12 mile limit, and Marshal Gard and Collector Berry went out in different tugs for that purpose last evening. Up to this morning no word has been received from either officers.

SAN FRANCISCO, May 6.—A Chronicle special from San Diego says United States Marshal Gard, after telegraphic correspondence with Washington regarding the schooner Robert and Minnie, this afternoon chartered a tug and started after the vessel, taking with him a company of United States soldiers from the barracks here. He expressed the intention of capturing the schooner and cargo and bringing her into port.

TACOMA, Wash., May 6.—The action of the United States marshal at San Diego, Cal., in seizing the Chilean steamer Etata is the result of a telegraphic correspondence between the president, Secretary Blaine and Attorney-General Miller. The latter has been authorized by the president to take whatever steps he deems necessary to enforce strict compliance with the laws of neutrality.

ONE YEAR AT HARD LABOR.

Captain Verney Gets Off Lightly Considering His Offense.

LONDON, May 6.—Captain Verney, member of parliament, today pleaded guilty to a charge of conspiracy to procure the election of a member of parliament, but pleaded guilty to conspiracy to procure her. Captain Verney was then sentenced to one year's imprisonment with hard labor. During the trial the court was packed with people eager to witness the sensations of the case, Captain Verney, though downcast in appearance, pleaded in a firm voice. Counsel for the defense in his plea for the prisoner, alluded to the prisoner's distinguished services in the Crimea and in parliament, and undoubtedly won sympathy for the disgraced ex-naval officer. The recorder in sentencing Captain Verney said that he had come to the conclusion, through the evidence given, that the case of Miss Nellie Brockett was not the only case in the prosecution of which the captain had been implicated, and therefore he could not lean to the side of mercy so much as he could have done had it been an isolated case.

ORDERED A RACING CART.

Boxman's Fire Department Getting Ready for a Tournament.

Special to the Standard.
BOZEMAN, May 7.—There was an interesting meeting of the fire department to-night. Mayor Pease was present, as his term of office expires to-morrow. His last official action with the fire department was the presentation of exemption certificates to John Dahling, J. C. Carson, H. H. Hodgson, Hugo Hofbauer and Ernest Schumacher who have duly served their term of five years. The mayor made an elegant and interesting speech which was received with cheers. He was voted an honorary member of the department. A racing cart has been ordered and preparations are being made for a tournament which will take place here during the first part of July. W. G. Alexander, A. R. Elliott, John Robertson, Emil Ketterer and D. R. Ashbury were appointed a committee to arrange for this tournament. The Bozeman hose team will begin practice to-morrow evening.

MAY EAT PEACHES YET.

The Damage to the Crop in Pennsylvania Not So Much After All.

PITTSBURGH, May 6.—The reports from the outlying country districts show that little if any damage was done by last night's frost. At Johnstown the ground was covered with a light snow to-day and the thermometer was below freezing. It was some damage to the fruit. Snow fell along the Blue mountain peak, but not much damage was done. Up the Allegheny river heavy frosts are reported and fruit is certainly injured.

WILL CARRY IT UP.

Boyd of Nebraska Determined to Establish His Claim.

LINCOLN, Neb., May 6.—Boyd, who was ousted from the gubernatorial chair yesterday by the state supreme court, today stated positively that he will carry the case to the federal supreme court. "I do not care for the office," said he, "but my citizenship I am determined to establish."

Frost Nips Fruit in Ohio.

COLUMBUS, Ohio, May 6.—A dispatch from Lima says early frosts have been greatly damaged, if not killed, by the frost. In the vicinity of Washington Courthouse great damage was done, and one or two more frosts like that of last night will settle the fruit crop in that vicinity of the state. So far as can be learned, no damage was done in the vicinity of Lake Erie.

Heavy Floods at El Paso.

EL PASO, Texas, May 6.—The Rio Grande continues to rise. The low part of the city fronting on the river is already under water. About fifty Mexican families have been compelled to leave their homes, which are under water. It is believed the flood will do great damage to the orchards, vineyards and the farms in the valley below El Paso.

Revolution in Costa Rica.

PANAMA, May 6.—Reports have just been received that the revolutionary movement is in progress in Costa Rica and the president has declared the state of siege and suspended all personal guarantees on May 1.

Heavy Snow Fall in Delaware.

WILMINGTON, Del., May 6.—There was a heavy fall of snow in this city and throughout the northern part of the state early this morning, but it at once melted. The fruit, it is feared, has been damaged.

GOING TO KILL GOULD

A Colorado Man Demands a Few Millions From the Magnate.

HOW HE WOULD FIX THINGS

Finally He Came Down to the Modest Sum of \$50,000—Inspector Byrnes Has the Fellow Under Arrest.

NEW YORK, May 6.—Inspector Byrnes has arrested a lunatic who expressed the intention of killing Jay Gould unless he was bought off. His name is Charles A. Dixon and he comes from Pueblo Colorado. Inspector Byrnes was sent for yesterday and informed by Mr. Munn, Gould's physician, that Dixon had come to him with a letter of introduction from a Pueblo firm. He told Munn he was a member of an organization known as "Christ's followers" and had been deputized by the arch council to kill Gould. The purpose of the organization, he said, is the equalization of money and property distribution. He was ordered to demand from Gould \$1,000,000 down, \$5,000,000 in 10 years at the rate of a half million a year and still another five million in the next decade, unless Gould should die in the meantime, against which emergency he should provide for setting apart his entire fortune for educational and charitable purposes except \$1,000,000 for each member of his family. If Gould did not consent, he was to be killed. If neither happened, Dixon himself would catch it. He got a letter of introduction to Munn on the pretext that he was going to New York on medical advice. Since he had been here it had occurred to him that he might fix things for \$50,000 down and \$200,000 for charity. Munn arranged to have him call again last night, and Inspector Byrnes and two of his men after listening to the interview, arrested him. He has been committed to await examination as to his sanity.

NOT ITS PROPER FIELD.

The Y. M. C. A. Hardly Cares to Embark in Foreign Missionary Work.

KANSAS CITY, May 6.—The report of the international committee was presented, showing that the association owns buildings and real estate to the value of over \$12,500,000, the total indebtedness being less than \$2,500,000. Great interest was manifested in that part of the report in regard to the extension of the work of the association to mission fields. On this point the report considers its field for the work in the mission lands is now open and so far as it has been attempted the results seem to establish its value and usefulness. The general foreign missionary work suggested by some of the associations is looked upon with alarm. Upon this question the committee consulted with the Kansas state committee, within whose jurisdiction efforts to promote a general missionary work seems to be most prevalent. It was generally agreed by the committee that the associations of the country ought not, in a technical and legal sense, to be connected with the general missionary movement. The committee does not oppose missionary work, but advocates every reasonable project looking to a better knowledge of Christian missions and securing the support for them. It encourages all young men who exhibit a willingness to accept the work of the church upon foreign fields. The report makes many recommendations, among which are: Observation of the second Sunday in November and the following week for prayer for the association work; establishment of the fund for the provision of those who have given their lives to the association work, have become incapacitated to earn a livelihood.

Russia is Not About It.

LONDON, May 6.—An increase of the bank of England's rate is likely in view of the probable withdrawal of gold. Russia is angry over Rothschild's action in calling in balances in the European capitals. The Bourse is much disturbed, remembering the result of such recalls in the cases of the Comptoir d'Escompte and the Barings crisis. Leading bankers are less apprehensive, knowing such action endangers only future Russian loans, while Russia knows stocks are too heavily held in Europe and that the Rothschild's action will cause a permanent depreciation.

Fine Crop Prospects in California.

SAN FRANCISCO, May 6.—Reports from many points in the state show the rainfall has been quite general in the northern and central portions of the state during the past two days. In the northern counties an enlarged area has been sown to wheat and the yield promises to be as large, if not larger, than at any previous season. In the great wheat-belt of San Joaquin county, however, the crop is below the average. The fruits and other crops promise exceedingly well.

No Slaves in America.

VIENNA, May 6.—In the reichsrath today Herr Masaryk gave notice that he would interpellate the government as to whether it was aware the subjects of Austria-Hungary in the United States, state of Virginia, were treated as slaves, and if so what measures the government would take toward paying redress. He referred to the reported outrageous treatment of the gang of Bohemian laborers on the Norfolk and Western road.

They Don't Want Such.

PARIS, May 6.—Advices from Chili states that four congressional delegates have had an interview with President Balmaceda, asked him to resign, dismiss his army, appear in the court and justify his conduct, and allow the congress to prepare for a new presidential election. There is small hope of settlement.

Will Help On the Alton.

KANSAS CITY, May 6.—A local paper says it is understood that the ticket agents over the entire western country have formed a sort of agreement to route all the business they can over the Alton road until the eastern lines let up on the boycott.

A BOND ON THE PURITAN.

Fine Ore Returns—Granite Organizes a Ball Club.

PHILIPSBURG, May 6.—James K. Pardee yesterday secured a bond on the Puritan and some adjoining claims, and it is very probable that a company will shortly be formed for the purpose of doing some development work. The Puritan is granite formation and east of the Trout. The present development consists of a short tunnel and a shaft 100 feet deep. The vein is unable to handle the water and this is the reason why the present owners disposed of the property. Three carloads of ore have just been shipped out above the 100-foot level and shipped. The first-class ore returns nearly 200 ounces silver and 35 per cent lead, while the second-class goes about 95 ounces per ton. It is certainly a fine looking prospect at present.

Granite has just organized a base ball team and the boys say they are just spicing for a game with any team in the state. Phillipsburg also has an organized team, much stronger than that of last year, and when they come to have money waiting and ready to bet they are the best ball tossers in the state.

JEWISH EXPULSION STOPPED.

Reported Disorders at Warsaw Suppressed by a Body of Troops.

ST. PETERSBURG, May 6.—The authorities here suddenly suspended the expulsion of the Jews from Moscow. It is reported that there were disorders at Moscow on Sunday, which were suppressed by the troops. The agitation among the Russian Poles is spreading. Official circles here put the blame upon the conciliatory policy adopted by Germany in Prussian Poland, and believe that Germany's object is to arouse envy and discontent among the Russian Poles.

HAD A PHILOSOPHER'S STONE.

An American Attempted to Swindle a London Jeweler Out of \$200,000.

LONDON, May 6.—A man understood to be an American, who represented himself as Edward Pinter, was arraigned yesterday, charged with having attempted to swindle a jeweler named Streeter out of \$200,000. The prisoner represented to the jeweler that he possessed a philosopher's stone, and could convert the baser metals into gold. He is said to be known in New York by the name of Sondheim.

GOING TO KEEP IT UP.

Iowa Strikers Still Insist On an Eight-Hour Day.

COLUMBUS, Ohio, May 6.—W. S. Scott, president of the Iowa miners, and Organizer Beatty had a conference today with the officers of the United Mine workers, resulting in the decision that the strike for eight hours in Iowa and a demand made for the reinstatement of the discharged miners.

Buried Without Disorder.

SCOTTSBURG, Pa., May 6.—The funeral of Mahan, the striker shot at Leisnring, No. 7, Sunday night, took place this afternoon with no disorder. The operators report a steady gain in the working force.

BANDS AND BONFIRES

Enthusiastic Bellevue Kicks Up Her Heels For Joy.

OTHER TOWNS NOT SO GAY

Idaho's Supreme Court Finally Declares the Creation of Alta and Lincoln Counties Unconstitutional.

Special to the Standard.

ELLEVEUE, Idaho, May 6.—The Idaho supreme court at Boise today handed down a decision declaring the late act of the legislature creating Alta and Lincoln counties out of Alturas and Logan counties to be unconstitutional. Judges Morgan and Houston united in their decision, while Chief Justice Sullivan, of Hailey, Alta county, dissented. The county division equitable has been long and expensive. In the last legislature the whole legislation of the state, the location of the agricultural college, and even the election of United States senators were pooled to cut off the Bellevue strip from Logan county and give it to Alturas county, which, for constitutional reasons, was named Alta, and the remnant of Logan county was given the name of Lincoln. The bonded debt of old Alturas county, amounting to \$40,000, will have to be apportioned to Elmore and Logan counties, which have made repeated efforts to pay their share. The Alturas county commissioners have all along resisted their preffers of money, hoping to get legislative relief. They have got it now. The accountants to apportion the debt, appointed by the recent legislature, have gone home and now await the action of Logan county commissioners. When the news was received today in Bellevue the town could not contain itself. Flags were unfurled from every staff, the band paraded the streets, followed by a long procession of citizens. To-night a bonfire is blazing on the top of Mount Lookout, two free dances are in full blast and everybody is shouting for Logan county. The cruel war is over.

SHOSHONE, Idaho, May 6.—Shoshone, as the county seat of Lincoln county, bows gracefully to the decision rendered today by the Idaho supreme court, whereby Lincoln county is a matter of ancient history. Shoshone folks had based great hopes on a favorable decision from the courts, but the people recognize the powers of the courts, and appreciate the fairness of the court's judgment, and Shoshone will be found to be doing business at the same old stand the same as before.

BURIED UNDER A SNOW SLIDE.

The Bodies of the Two Men Who Lost Their Lives Found at Last.

Special to the Standard.
KETCHUM, Idaho, May 6.—Word comes from Clayton to-night that the bodies of S. A. Clemens and George E. Nodine, who were killed by a snow slide happening on the 13th of February last at the Livingston mine, about seventeen miles from Clayton, were found on the 4th and 5th inst. and the bodies brought to Clayton. A strict watch has been kept up at the place where the slide occurred for the last two months, so that when the snow disappeared the bodies of the unfortunate men could be recovered without being mutilated by wild animals.

H. C. Lewis, manager of the Ketchum fast freight line, dispatched yesterday four large schooners heavily loaded with freight for the Salmon river country. Fourteen mules were attached to each wagon. Three more will be on the road to-morrow. The road across the mountain is in excellent condition and travel in that direction is increasing rapidly.

OVER A HORSE DEAL.

One Man Stabs Another Five Times in the Back.

Special to the Standard.
BELLEVUE, Idaho, May 6.—In a quarrel today over a horse trade, George Hailey stabbed Abner Wells five times in the back. Wells is a cripple, and the attack is considered unjustifiable by witnesses. Wells is in a precarious condition this evening. The attendant physicians say that it will take several days before they can tell what the outcome will be. Hailey has left the town. There has been no arrests.

BEAT HIS WAY TO GLORY.

An Ogden Man Fell On the Track With Fatal Results.

Special to the Standard.
POCAHELLO, Idaho, May 6.—C. H. Bonway, of Ogden, Utah, said to be a deputy sheriff, while beating his way on a freight train fell between the cars near McCammon station this morning and was run over, having a leg and arm badly crushed. He was taken to Montpelier, Idaho, for medical attention where he died from the shock of an amputation this afternoon.

The "Inter-Ocean's" New Deal.

CHICAGO, May 6.—It is announced this evening that H. H. Koplesaat, a well known merchant of this city, has become proprietor of a controlling interest in the Inter-Ocean. The entire stock of the corporation is now owned by Mr. Koplesaat, William Penn Nixon and his brother and other members of the Inter-Ocean staff. There is to be no change in the personnel of the paper or its editorial conduct. The capital of the stock of the corporation will be increased and all the money needed to push the paper forward to the highest success will be put into the business.

Shoshone Will Welcome Ben.

Special to the Standard.

SHOSHONE, Idaho, May 6.—Seventy-five uniformed troops, accompanied by a band from the county of Idaho militia, came down from Hailey this evening on the road to Boise, to participate in the reception of President Harrison on Friday.

Buried Without Disorder.

SCOTTSBURG, Pa., May 6.—The funeral of Mahan, the striker shot at Leisnring, No. 7, Sunday night, took place this afternoon with no disorder. The operators report a steady gain in the working force.
